

# Bethany Center 2024 Camp Season

## Where Jesus, lifelong friends, and the beach intersect

---

### 2024 Camps Theme: What's in a Name?

From Exodus to Luke, we'll consider bible stories where characters receive, and reject, all kinds of names. As we reflect on these stories, the names of characters, and the names of those who have shaped us, we are reminded that we are accompanied by a God who transcends all our words. Unless otherwise noted, all of our camps will be incorporating aspects of this theme into their programming, but every week has a unique director running a unique program!
