

The Christian Church Capital Area (CCCA) Ministers' Association Annual Membership Dues

Dear Clergy:

The primary purpose of The Ministers' Association of The Christian Church Capital Area is to provide Clergy with encouragement, continuing education and fellowship. We thank all who help make our ministry pertinent, interesting, and well-attended. Among our assumptions is the one that your KNOW we operate on a calendar year (**January 1-December 31**), elect officers biennially and depend upon you to support us with your time, spiritual and monetary gifts, feedback for and from our ministries, and your talents.

Every minister (whether retired, serving in a parish or as non-parish clergy, ministerial student, seeking a 'call,' or 'under-care' of the Region) in the Christian Church (Disciples of Christ) Capital Area is automatically a member of our Ministers' Association. However, the Association is able to provide a broad range of events only if its members (or their church, if they include such items in its budget) voluntarily pay one's annual dues. The Association has agreed several years ago to allocate its funds in the following manner:

Description	Allocation
The Flinn Fund: supports continuing education of Disciple ministers and students	10%
Continuing Education Fund: supports continuing education of members to help reach a goal of 2.0 CEU unites per year.	10%
The Crisis and Stress Fund: maintained by our dues plus other designated gifts, helps our colleagues in the region in times when extra dollars are sorely needed. This main fund is kept with the BCE and the interest comes back to the region for our use in times of ministerial crisis/stress.	20%
The Pension Fund: receives money toward the 13th check for retired ministers, widows, and missionaries living on modest funds.	40%
The Association's Operating Fund. From this we provide planning funds for retreats, workshops, mailings from the Association, our Annual Meetings and other events planned on an 'as-needed' basis.	10%
The Regional Administrative Support Fund	10%
